

CURRICULUM globALE - MODUL 0

12th to 13th September 2022

Goal: Discussing and preparing the implementation of the Curriculum globALE in East Africa

Time: 12-13 September 2022

Place: University of Dar es Salaam, Dar es Salaam.

Participants: Decision makers and stakeholders from Academia, Ministries' partners and Institutions, professional association, NGOs dealing with professionalization in respective countries in the East/Horn of African Region (Uganda, Tanzania and Ethiopia) and DVV International representatives.

Background and purpose: The Marrakech Framework for Action (MFA) highlighted the challenges of professionalization in Adult Learning and Education (ALE), the need to set standards and norms for educational provision or for teacher preparation institutions. ALE still lacks systematic efforts to develop common standards (knowledge and competencies) for the diverse teaching staff in ALE.

Curriculum globALE presents a competency framework for adult educators, developed by UIL (UNESCO Institute for Lifelong Learning), DVV International (Institute for International Cooperation of the German Adult Education Association), DIE (German Institute for Adult Education. Leibniz Centre for Lifelong Learning) and ICAE (International Council for Adult Education). It is the first comprehensive framework of competencies and practical tool for policy and practice towards the professionalization of ALE, which is in use for many years already around the globe. Based on manifold experiences and the significant improvement of the competences of adult educators, DVV International decided to introduce Curriculum globALE in East/ Horn of Africa. Necessary steps on the way of introducing Curriculum globALE are to implement a preparatory training module 0 for relevant stakeholders.

Agenda

DAY 1: 12th September 2022		
8:30 – 10:30	Welcome words Introduction to the topic Introduction of the participants	DVV International K. Popović
	Coffee Break
